

Responsible Investment Review

HSBC Asset Management's key achievements in 2022

For professional clients and institutional investors only

Mobilising capital to support a more sustainable future

\$55 billion+

assets managed under
Sustainable Investment strategies

Launched investment strategies under the sustainable investment themes **circular economy, climate technology venture capital, sustainable infrastructure** and more

Using engagement as a tool for driving change

We voted at more than
7,000 meetings
with over
75,000 resolutions

ESG and other issues were
raised in engagements with
2,150
companies and other issuers

We joined **10 new industry commitments** including the PRI Advance Human Rights Initiative and the Breakthrough Energy Catalyst to support the scaling up of climate critical technologies for hard-to-abate sectors.

A zoom on advancements in alternatives

\$650 million raised by **Climate Asset Management**, our joint venture with Pollination, across two **Natural Capital strategies**

We created an Alternatives-specific Responsible Investment policy and established our Alternatives Sustainability Oversight Committee to guide further ESG integration in this asset class.

Net Zero Transition

As part of the Net Zero Asset Managers Initiative, we announced the ambition of reducing

Scope 1 and 2
carbon
emissions
intensity by
58% by 2030

for 38 % of our total assets under management¹ as of end of 2019.

We published our **thermal coal policy²**, which sets out the target timeframe for the active funds we manage to exclude thermal coal companies by 2030 in the EU and OECD, and globally by 2040.

Climate Investment Strategy team, Climate Investment Committee and Climate Implementation Framework have been created to support the development of climate solutions and the integration of climate considerations into our investment processes.

Awards and
Recognitions

Awarded **"ESG Advanced"**
by Morningstar³ "Among the industry's strongest ESG proponents"
for a second year running

#5 ranking

out of 42 asset managers assessed in an ESG integration study conducted by Scope⁴

Our efforts in building a diversified and inclusive work environment have won us two recognitions at the **Citywire Gender Diversity Awards 2022⁵**

Today, we and many of our customers contribute to greenhouse gas emissions. This is why HSBC Asset Management, together with other asset managers, have an important role to play in supporting the transition to a net zero economy. Step by step, we are developing strategies to reduce our own emissions and to help our customers reduce theirs.

Important information

For Professional Clients and intermediaries within countries and territories set out below; and for Institutional Investors and Financial Advisors in Canada and the US. This document should not be distributed to or relied upon by Retail clients/investors.

The value of investments and the income from them can go down as well as up and investors may not get back the amount originally invested. The capital invested in the fund can increase or decrease and is not guaranteed. The performance figures contained in this document relate to past performance, which should not be seen as an indication of future returns. Future returns will depend, inter alia, on market conditions, fund manager's skill, fund risk level and fees. Where overseas investments are held the rate of currency exchange may cause the value of such investments to go down as well as up. Investments in emerging markets are by their nature higher risk and potentially more volatile than those inherent in some established markets. Economies in Emerging Markets generally are heavily dependent upon international trade and, accordingly, have been and may continue to be affected adversely by trade barriers, exchange controls, managed adjustments in relative currency values and other protectionist measures imposed or negotiated by the countries and territories with which they trade. These economies also have been and may continue to be affected adversely by economic conditions in the countries and territories in which they trade. Mutual fund investments are subject to market risks, read all scheme related documents carefully.
