The members of the Shariah Committee are

Sh. Nizam Yaquby - resident in Bahrain
Dr. Mohammed Elgari - resident in Saudi Arabia
Dr. Aznan Hassan – resident in Malaysia

Investment Manager's Report

for the period ended 30 June 2024

Market Commentary 30 June 2024

Global equities performed strongly over the first half of 2024, resulting in positive returns for the markets. Returns were driven by expectations of a soft landing, moderating – albeit, still high – inflation and the ongoing enthusiasm around Artificial Intelligence (“AI”) and technology. Strong labour markets and supportive fiscal policies helped the soft-landing narrative withstand restrictive interest rates.

Developed market equities, led by US stocks, outperformed their Asian and emerging markets peers, which also rose over the reporting period. US equities were supported by healthy corporate earnings and continued economic strength. Additionally, technology and the AI megatrend has been a major source of profits growth in the US. Similarly, in Asia, the tech-heavy Taiwan stock market was a key beneficiary of ongoing investor enthusiasm for AI developments and rose significantly, boosting emerging market equity performance. Meanwhile, Indian equities also put up a good show underpinned by solid earnings growth, strong macro momentum, policy continuity and structural tailwinds. Chinese stocks also posted moderate gains during the period supported by a package of policy measures and relatively low valuations. Elsewhere, European equities performed well, despite seeing some declines towards the end of the period, amid political uncertainty ahead of elections in France. Additionally, investor sentiment was weighed down by the future trajectory for interest rate cuts, following the European Central Bank’s 25 basis point cautious rate cut in June. The information technology sector was also a major contributor to performance in the region. Following a weak start, UK equities rose during the reporting period, while gross domestic product (“GDP”) data in February confirmed a technical recession in H2 2023. However, the downturn proved to be shallower than expected, as the economy recovered, with GDP data for Q1 2024 beating expectations. Japanese equities moved up significantly in local currency terms, amid continued yen weakness. The yen weakness was mainly driven by the interest rate differential between Japan and the US. Earnings growth has been resilient, benefitting from corporate reform tailwinds, Bank of Japan (“BoJ”) policy normalisation and yen weakness. While the economy remains weak, wage growth registered a solid increase, providing the BoJ impetus to move towards policy normalisation.

On the fixed income side, in an environment that saw rate-sensitive assets struggling amid monetary policy uncertainty, global government bonds were relatively weak over the reporting period. Investment-grade corporate bonds fared better, while high-yield bond prices – which are less sensitive to interest rate changes – outperformed over the period. The resetting of 2024 policy rate expectations (from 7 US Federal Reserve’s (“Fed”) cuts to only 1-2) drove investor sentiment, as inflation declined at a pace slower than earlier expected. However, the picture is not uniform across regions. While regions such as the US, parts of industrial Asia and emerging markets have experienced resilient economic growth, Europe endured lacklustre real growth. Consequently, European central banks cut rates ahead of the Fed (which is yet to cut rates this year). UK headline inflation reached the Bank of England’s (“BoE”) 2% medium-term target in May, but service inflation, the main driver of core inflation, remained sticky. Consequently, the BoE held rates steady in its latest meeting.

Commodities were up over the reporting period. Gold rose to new highs in May on the back of perceived safe-haven demand amid ongoing concerns over geopolitical risks, which also drove up oil prices. Meanwhile, restrictive rates weighed on performance of real estate assets.

Investor sentiment is supported by high confidence in the soft landing and leadership from quality growth. The market is discounting a lot of good news but there are signs that profits growth is broadening out across sectors. Risks of an adverse surprise persist. Meanwhile, the Emerging Market growth outlook is a relative bright spot in a global context, with disinflation and anticipation of future Fed rate cuts being supportive.

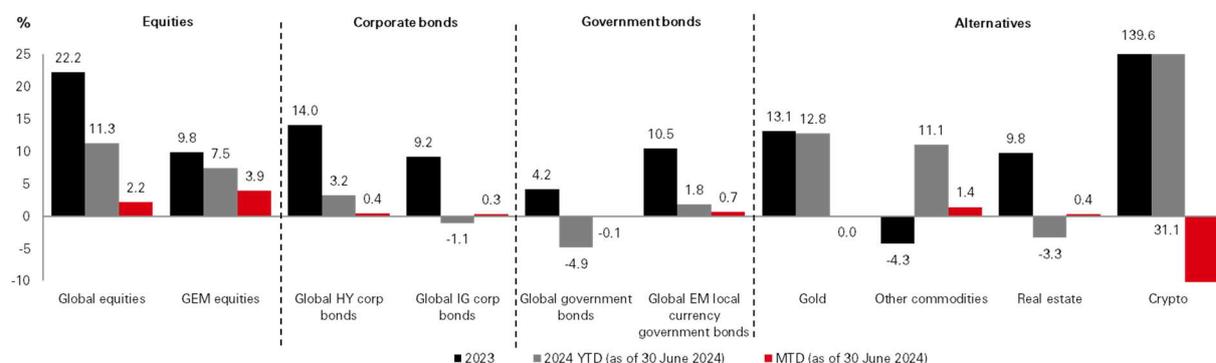

With regards to government bonds, recent economic data has been mixed, and we continue to see downside growth risks, with central banks expected to cut rates from the second half of 2024. This should boost performance of bonds, which are also offering improved term premia. Despite credit spreads trading at historic tights, we see selective opportunities in global corporate bonds.

Tracking Error

A realised tracking error is an annualised standard deviation of the difference in daily returns between a sub-fund and its benchmark index. The tracking error shows the consistency of returns relative to the benchmark index over a defined financial period of time.

An anticipated tracking error is based on the expected volatility of differences between the returns of a sub-fund and the returns of its benchmark index.

For physically replicating sub-funds, the investment management approach is to buy a portfolio of securities that as far as practicable consist of the securities that make up the benchmark index, in similar proportion to the weights presented in the benchmark index.

For non-replicating sub-funds, the investment management approach aims to match the main risk characteristics of the benchmark index by investing in a portfolio that is primarily made up of securities that represent the benchmark index. The aim is to generate a return which is as close as practicable to the total return of the index net of transaction costs and gross of fees and other costs.

The primary drivers represent where the impact makes a material difference to the sub-fund's performance to deviate from the underlying index. The primary drivers impacting tracking difference include withholding tax, accrued capital gains tax, securities lending, transaction costs from rebalancing, holding a proxy future, as a result of HSBC Group policy to exclude banned weapon stocks, sampling techniques and holding American Depositary Receipts and Global Depositary Receipts. These impacts can be either positive or negative depending on the underlying circumstances.

The table below and the relevant footnotes indicate the primary drivers impacting tracking difference gross of the total expense ratio and where realised tracking difference is greater than the anticipated tracking error.

B: Active quant management style:

- In the first half of 2024, the HSBC Multi-Factor Worldwide Equity UCITS ETF has underperformed its market cap weighed benchmark, MSCI All Country World Net Index.
- Our exposure to styles contributed positively to performance.
- On a portfolio level, our exposures to value and quality contributed to performance whilst our exposures to size, low risk and industry momentum weighed on performance.
- Country and industry allocation effects were negative and weighed on performance.

Note

* The sub-fund was launched on 29 February 2024 and listed on London Stock Exchange on 4 March 2024.

[^]Returns are rounded to 2 decimal places.

Tracking differential and tracking error are different calculations. Tracking differential is simply the compound differential between the fund return and the index return. Ex-post tracking error is calculated as the annualised standard deviation of the daily arithmetic difference between the sub-fund's return and the index' return.

^{^*}The gross percentage is calculated on a daily basis by dividing the latest daily NAV against its most recent daily NAV and the resulting answer is then deducted by one. The resulting answer is multiplied by the corresponding daily change in the index to arrive at the daily gross return percentage. The accumulation of all the daily return percentages gives the yearly gross performance percentage. The performance percentages disclosed are not deemed to be directly reconcilable to the Financial Statements. Also, it allows the users to understand the relevance and reliability of the amounts quoted.

^{^^*}Calculation of tracking error is explained in detail on page 19.

[^]The sub-fund was launched on 13 March 2024 and listed on London Stock Exchange on 15 March 2024.

*The sub-fund was closed and delisted from London Stock Exchange on 10 May 2024.

^{^^}The gross percentage is calculated on a daily basis by dividing the latest daily NAV against its most recent daily NAV and the resulting answer is then deducted by one. The resulting answer is multiplied by the corresponding daily change in the index to arrive at the daily gross return percentage. The accumulation of all the daily return percentages gives the yearly gross performance percentage. The performance percentages disclosed are not deemed to be directly reconcilable to the Financial Statements. Also, it allows the users to understand the relevance and reliability of the amounts quoted.

Statement of Cash Flow (continued)

for the period ended 30 June 2024

	For the financial period 1 January 2024 to 30 June 2024	For the financial period 1 January 2023 to 30 June 2023
Note	USD	USD
Net increase in cash and cash equivalents	119,998,481	(33,050,314)
Cash and cash equivalents at beginning of the financial period	152,478,837	135,259,309
Effect of exchange rate fluctuations*	(38,946,366)	52,363,719
Cash and cash equivalents at end of the financial period	233,530,952	154,572,714
Cash and cash equivalents at end of the financial period is comprised of:		
Cash at bank	233,662,185	154,752,649
Bank overdraft	2(h) 7 (131,233)	(179,935)

The accompanying notes form an integral part of the Financial Statements.

*For consistency of presentation and improved comparability between the primary Financial Statements the effect of exchange rate fluctuations disclosed relates both to the exchange differences relating to the cash and cash equivalent balances in the various sub-funds and other FX difference associated with balances other than cash and cash equivalents.

Notes to the Financial Statements

for the period ended 30 June 2024

1. Reporting entity

HSBC ETFs plc (the “Company”) was incorporated in Ireland as an open-ended investment company with variable capital and segregated liability between sub-funds on 27 February 2009 with registration number 467896. The Company is authorised by the Central Bank of Ireland (the “Central Bank”) as an Undertaking for Collective Investment in Transferable Securities (“UCITS”) pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations, 2011 as amended (the “UCITS Regulations 2011”) and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48 (1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the “Central Bank UCITS Regulations”), (together the “UCITS Regulations”).

The Company has been structured as an umbrella fund with segregated liability between sub-funds, in that the Directors of the Company (each a “Director” and together the “Directors” or the “Board”) may from time to time, with the prior approval of the Central Bank, issue different series of shares representing separate portfolio of assets. The assets of each sub-fund will be invested in accordance with the investment objective and policies applicable to such sub-fund as disclosed in the prospectus and the relevant supplement of the prospectus.

The objective of the Company is the collective investment in transferable securities and other liquid financial assets of capital raised from the public, operating on the principle of risk spreading in accordance with the UCITS Regulations.

As at 30 June 2024, the Company has 50 sub-funds in operation (31 December 2023: 52).

The Company has 7 inactive sub-funds. HSBC ECONOMIC SCALE WORLDWIDE EQUITY UCITS ETF was closed on 18 September 2020 and was delisted from London Stock Exchange on 21 September 2020. HSBC MSCI EM FAR EAST UCITS ETF was closed on 6 July 2022 and was delisted from London Stock Exchange on 11 July 2022. HSBC MSCI RUSSIA CAPPED UCITS ETF was suspended from trading from 2 March 2022 as a result of Russia’s invasion of Ukraine. The closure of the sub-fund commenced on 24 March 2023 and the sub-fund was delisted from London Stock Exchange on 29 March 2023. HSBC MSCI BRAZIL UCITS ETF, HSBC MSCI EM LATIN AMERICA UCITS ETF, HSBC MSCI MEXICO CAPPED UCITS ETF and HSBC MSCI TURKEY UCITS ETF were closed and delisted from London Stock Exchange on 10 May 2024.

The Company appointed HSBC Investment Funds (Luxembourg) S.A. as Management Company and HSBC Investment Funds (Luxembourg) S.A. appointed HSBC Global Asset Management (UK) Limited to act as Investment Manager for all of the sub-funds (the “Investment Manager”).

2. Material accounting policies

(a) Basis of accounting

The Financial Statements have been prepared in accordance with International Financial Reporting Standards (“IFRS”) as adopted for use in the European Union, and applied in accordance with the Companies Act 2014 and the UCITS Regulations.

The comparative figures included in the Statement of Financial Position, Statement of Comprehensive Income, Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares and Statement of Cash Flows relate to the balances at and for the year ended 31 December 2023.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

2. Material accounting policies (continued)

(b) Basis of measurement

The Financial Statements have been prepared on a going concern basis, applying the historical cost convention, except for the non-derivative financial instruments valued at fair value through profit or loss and derivative financial instruments which have been valued at fair value through profit or loss.

The Financial Statements of the seven sub-funds referred to in Note 1 have been prepared on a non-going concern basis.

(c) Functional and presentation currency

(i) Presentation currency of the Company

The Company does not have a functional currency as it does not operate or transact in an economic environment and is structured as an umbrella fund for the segregated sub-funds. The Company's presentation currency is US Dollar.

(ii) Functional and presentation currency of the sub-funds

Functional currency is the currency of the primary economic environment in which the sub-funds operate. If indicators of the primary economic environment are mixed, then management uses its judgement to determine the functional currency that most faithfully represents the economic effects of the underlying transactions, events and conditions. The majority of each sub-fund's investments and transactions are denominated in one of the following: Euro, US Dollar, Pound Sterling or Hong Kong Dollar. Similarly, subscriptions and redemptions are determined based on the net asset value, and received and paid in Euro, US Dollar, Pound Sterling or Hong Kong Dollar. The functional currency of the sub-funds, which is in each case is the Euro, US Dollar, Pound Sterling or Hong Kong Dollar, is shown in the Statement of Financial Position of each sub-fund. The Company has also adopted these functional currencies as the presentation currency of each sub-fund.

(iii) Translation and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign currency assets and liabilities are translated into the functional currency using the exchange rate prevailing at the Statement of Financial Position date.

Foreign exchange gains and losses arising from translation are included in the Statement of Comprehensive Income.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

2. Material accounting policies (continued)

(c) Functional and presentation currency (continued)

(iii) Translation and balances (continued)

Foreign exchange gains and losses relating to the financial assets and liabilities carried at fair value through profit or loss are presented in the Statement of Comprehensive Income within net gain/(loss) on financial assets and liabilities at fair value through profit or loss and foreign exchange.

(iv) Presentational translation

For the purpose of presenting the Financial Statements of the Company:

- the Statement of Financial Position of the sub-funds with functional currencies other than US Dollar were translated to US Dollar at the exchange rate prevailing at 30 June 2023; and
- the Statement of Comprehensive Income, proceeds from Redeemable Participating Shares issued, redemptions of Redeemable Participating Shares, equalisation and Statement of Cash Flows of the sub-funds with functional currencies other than US Dollar were translated at the US Dollar average monthly rates where those rates represent a reasonable approximation of actual rates.

The translation method resulted in a foreign currency translation amount of USD (38,904,536) (30 June 2023: USD 52,363,719) due to the use of average rates as referred to above and the movement of closing exchange rates between 30 June 2024 and 31 December 2023. This has no impact on the net asset value per share of each of the sub-funds.

(d) Judgement and estimates

The preparation of Financial Statements in conformity with IFRS as adopted by the EU, requires the Board to make judgements, estimates and assumptions which affects the application of policies and the reported amounts of assets and liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors which are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities which are not readily apparent from others.

Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the financial period in which the estimates are revised and in any future periods affected.

Judgements

The Board has concluded that there are no significant judgements within the Financial Statements. Information about judgements made in applying accounting policies that have effects on the amounts recognised in the Financial Statements is included in Note 2 (c i and ii).

Assumptions and estimation uncertainties

The determination of what constitutes an active market and what inputs are “observable” requires judgement by the Board. Information about assumptions and estimation uncertainties that have a significant risk of resulting in a material adjustment to the carrying amounts of assets and liabilities within the period ending 30 June 2024 and 31 December 2023 is included in Note 4 (d).

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

2. Material accounting policies (continued)

(e) New standards, amendments and interpretations effective from 1 January 2024

New or amended standards	Impact on Financial Statements
IFRS 17 Insurance Contracts	The application of the amendment resulted in no material changes to the Financial Statements.
Definition of Accounting Estimates (Amendments to IAS 8)	The application of the amendment resulted in no material changes to the Financial Statements.
Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2)	The application of the amendment resulted in no material changes to the Financial Statements.
Deferred Tax related to Assets and Liabilities arising from a Single Transaction - Amendments to IAS 12	The application of the amendment resulted in no material changes to the Financial Statements.

(f) New standards, amendments and interpretations effective for future reporting financial periods that have not been early adopted

A number of new standards are effective for annual periods beginning after 1 January 2024 and earlier application is permitted, however the Company has not adopted the new or amended standards early in preparing these Financial Statements.

The following amended standards and interpretations are not expected to have a significant impact on the Company's Financial Statements:

- Classification of Liabilities as Current or Non-current and Non-current Liabilities with Covenants (Amendments to IAS 1);
- Supplier Finance Arrangements (Amendments to IAS 7 and IFRS 7);
- Lease Liability in a Sale and Leaseback (Amendments to IFRS 16); and
- Lack of Exchangeability (Amendments to IAS 21).

(g) Financial assets and liabilities at fair value through profit or loss

(i) Classification and measurement of financial assets and financial liabilities

The Company is an open-ended investment company and materially all of the financial assets and liabilities of its sub-funds are required to be managed on a fair value through profit or loss basis in order to track the relevant reference indices. This applies to both initial and subsequent recognition. None of the Company's assets qualify for measurement at fair value through other comprehensive income.

Financial assets and liabilities such as cash and cash equivalents, due to/from broker and other short-term receivables and payables are measured at amortised cost at initial recognition and subsequently. All other material assets and liabilities of the Company are debt securities, equity investments and derivatives, and required to be measured at Financial Value Through Profit and Loss ("FVTPL") at initial recognition and subsequently.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

2. Material accounting policies (continued)

(g) Financial assets and liabilities at fair value through profit or loss (continued)

(i) *Classification and measurement of financial assets and financial liabilities (continued)*

Purchases and sales of investments are recognised on the trade date - the date on which the Company commits to purchase or sell the investment. Financial assets and financial liabilities at FVTPL are initially recognised at fair value. Transaction costs are expensed as incurred in the Statement of Comprehensive Income.

In making an assessment of the objective of the business model in which a financial asset is held, the Company considers all of the relevant information about how the business is managed, including:

- the documented investment strategy and the execution of this strategy in practice. This includes whether the investment strategy focuses on earning contractual interest income, maintaining a particular interest rate profile, matching the duration of the financial assets to the duration of any related liabilities or expected cash outflows or realising cash flows through the sale of the assets;
- how the performance of the portfolio is evaluated and reported to the Company's management;
- the risks that affect the performance of the business model (and the financial assets held within that business model) and how those risks are managed;
- how the Investment Manager is compensated: e.g. whether compensation is based on the fair value of the assets managed or the contractual cash flows collected; and
- the frequency, volume and timing of sales of financial assets in prior periods, the reasons for such sales and expectations about future sales activity.

Transfers of financial assets to third parties in transactions that do not qualify for derecognition are not considered sales for this purpose, consistent with the Company's continuing recognition of the assets.

The Company has determined that it has two business models:

- Held-to-collect business model: this includes cash and cash equivalents, due from brokers, due from shareholders, dividend receivable, interest receivable and other receivables. These financial assets are held to collect contractual cash flow; and
- Other business model: this includes transferable securities and financial derivative instruments. These financial assets are managed and their performance is evaluated, on a fair value basis, with frequent sales taking place.

None of the Company's assets qualify for measurement at fair value through other comprehensive income.

Financial instruments such as cash and cash equivalents, due to/from broker and other short-term receivables and payables are measured at amortised cost. All other assets of the Company are debt securities, equity investments and derivatives, and required to be measured at FVTPL.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

2. Material accounting policies (continued)

(g) Financial assets and liabilities at fair value through profit or loss (continued)

(i) *Classification and measurement of financial assets and financial liabilities (continued)*

Purchases and sales of investments are recognised on the trade date - the date on which the Company commits to purchase or sell the investment. Financial assets and financial liabilities at FVTPL are initially recognised at fair value. Transaction costs are expensed as incurred in the Statement of Comprehensive Income.

(ii) *Impairment of financial assets*

The Company assesses on a forward-looking basis the expected credit loss ("ECL") associated with its financial assets carried at amortised cost. Significantly, all of the Company's financial assets measured at amortised cost are short term assets. Therefore, as the term length of these assets is less than one year, the Company in effect measures loss allowances based on their lifetime ECLs. When estimating ECLs, the Company considers reasonable and supportable information that is relevant and available without undue cost or effort, such as counterparty credit ratings.

(iii) *Derecognition*

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire or it transfers the rights to receive contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the Company neither transfers nor retains substantially all of the risk and rewards of ownership and does not retain control of the financial asset.

On derecognition of a financial asset, the difference between the carrying amount of the asset (or the carrying amount allocated to the portion of the asset that is derecognised) and the consideration received (including any new asset obtained less any new liability assumed) is recognised in the profit or loss. Any interest in such transferred financial assets that is created or retained by the Company is recognised as a separate asset or liability.

The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expired.

(iv) *Fair value measurement principles*

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date in the principal or, in its absence, the most advantageous market to which the Company has access at that date. The fair value of a liability reflects its non-performance risk.

The fair value of financial instruments, where quoted in an active market, is based on their quoted market prices at the reporting date without any deduction for estimated future selling costs. The Company utilises the last traded market price for both financial assets and financial liabilities where the bid-ask spread is narrow.

If an active quoted market price is not available on a recognised stock exchange or from a broker/dealer for non-exchange-traded financial instruments, the fair value of the instrument is estimated using valuation techniques, including use of recent arm's length market transactions, reference to the current fair value of another instrument that is substantially the same, discounted cash flow techniques, option pricing models or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

2. Material accounting policies (continued)

(g) Financial assets and liabilities at fair value through profit or loss (continued)

(iv) *Fair value measurement principles (continued)*

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the Statement of Financial Position date applicable to an instrument with similar terms and conditions. Where other pricing models are used, inputs are based on market data at the Statement of Financial Position date.

(v) *Offsetting of financial assets and liabilities*

Financial assets and liabilities are offset and the net amount reported in the Statement of Financial Position where the Company currently has a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liabilities simultaneously. Income and expenses are presented on a net basis for gains and losses from financial instruments at FVTPL and foreign exchange gains and losses.

(vi) *Securities Lent*

Securities which are lent out as part of the securities lending agreement continue to be recognised as financial assets and liabilities in the balance sheet. Securities lending constitutes temporary transfer of ownership and would not have any impact on the sub-funds holdings in the Statement of Financial Position when securities are lent. Bonds are priced dirty and interest receivable related to bonds is identified under transferable securities in the Statement of Financial Position. Further information on securities lending and the breakdown of this amount is detailed in Note 9 to the Financial Statements.

(h) Cash and cash equivalents

Cash and cash equivalents comprise deposits with banks. As at 31 December 2023 and at 31 December 2022, all cash and overdraft balances are held with HSBC Bank plc. Details of overdraft facility are disclosed in Note 7.

(i) Due from/to brokers

Amounts due to/from brokers relate to margin cash and cash collateral which is held by or due to brokers for open futures contracts and represents the exchange traded futures contracts' margin deposits held with brokers. This amount is the minimum deemed by the brokers and counterparties for collateral requirements and is restricted and reported separately to the unrestricted cash on the sub-funds' Statement of Financial Position.

(j) Due from/to shareholders

Due from shareholders relates to subscriptions receivable not settled at the year end and due to shareholders relates to redemptions payable not settled at year end.

(k) Net gains (losses) from financial instruments at fair value through profit and loss

Net gains (losses) from financial instruments at fair value through profit and loss includes all realised gains and losses and unrealised fair value changes and foreign exchange differences.

(l) Payables for securities purchased/receivables for securities sold

Payables for securities purchased and receivables for securities sold represent purchases and sales that have been contracted for but not yet delivered by the end of the financial period. These accounts are measured at amortised cost and presented in the Statement of Financial Position as part of other assets and other liabilities.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

2. Material accounting policies (continued)

(m) Other assets and other liabilities

In the Statement of Financial Position, receivables for securities sold, due from shareholders, dividend receivable, interest receivable and any other miscellaneous receivable amounts are included in other assets figure. Other liabilities figure in the Statement of Financial Position is consisted of payables for securities purchased, due to shareholders, management fee payable and other miscellaneous payable amounts.

(n) Dividend Income

Dividend income on financial assets at FVTPL is credited to the Statement of Comprehensive Income on the date on which the relevant securities are listed as “ex-dividend”. Dividend income, which is disclosed separately in the Statement of Comprehensive Income, is shown gross of any non-recoverable withholding taxes.

(o) Expenses

Expenses are recognised in the Statement of Comprehensive Income on an accrual basis and as the related services are performed.

(p) Dividend Distributions

Distributions to holders of Redeemable Participating Shares are recorded in the Statement of Comprehensive Income as finance costs when declared (i.e. the decision has been through the final required approval stage and cannot be reversed).

(q) Redeemable Participating Shares

Redeemable Participating Shares are redeemable at the shareholder’s option and are classified as financial liabilities. The Redeemable Participating Shares can be redeemed at any time for cash equal to a proportionate share of a particular sub-fund’s net asset value.

There are two types of share classes: accumulating share class and distribution share class. An accumulating share class is a class of shares in a sub-fund in respect of which net income and realised and unrealised capital gains net of realised and unrealised losses arising will be retained within the sub-fund and reflected in the net asset value of such class of shares. A distribution share class is a class of shares in a sub-fund in respect of which the Directors ordinarily intend to declare and pay dividends in respect of each financial year in which the total income of the sub-fund exceeds the fees and expenses by more than a de minimis amount determined by the Directors from time to time.

(r) Equalisation

Equalisation is operated in connection with the issue and redemption of shares. It represents the income element included in the price for the issue and redemption of shares. Equalisation arrangements are intended to ensure that the income per share is not affected by changes in the number of shares in issue during the financial period.

The buying/selling price of each share contains an amount called equalisation. This is equivalent to the net income less expenses accrued in the Company at the time of purchase/sale. For distributing sub-funds, equalisation attributable to subscriptions in the sub-funds form part of the distributions to those shareholders who subscribed to the sub-funds during the distribution period. The equalisation element of the distributions is not reported to shareholders separately from the net income distributed. The equalisation attributable to redemptions from the respective sub-funds, if any, is disclosed in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

3. Fees and expenses

(a) Management fee

The Company has a fee structure where, in respect of each of the sub-funds, all of the fees and expenses (except for transaction costs and taxes or duty charges for portfolio re-balancing that are paid separately out of the assets of the relevant sub-funds) are paid as one single fee. This is referred to as the "Total Expense Ratio" or "TER" in the prospectus and is being disclosed in these Financial Statements as the "Management fee".

The Management fee is paid to the Management Company, and the Management Company is then responsible for the payment of all other operational expenses of the Company. This includes, but is not limited to, fees and expenses of the Directors, the Management Company, Investment Manager, distributors, HSBC Continental Europe (the "Depositary"), HSBC Securities Services (Ireland) DAC (the "Administrator"), HSBC Securities Services (Ireland) DAC (the "Registrar" and "Transfer Agent", as relevant), KPMG (the "Auditor"), Goodbody Secretarial Limited (the "Secretary") and such other person as the Management Company may determine at its discretion, and the operating administrative and services expenses as referred to below.

The Management fee covers all of the fees and expenses, except transaction charges and taxes or duty charges for portfolio re-balancing (which are classified as "other expenses" in the Statement of Comprehensive Income), all of which will be paid separately out of the assets of the relevant sub-fund.

The following list is indicative but not exhaustive of the types of services that the Management fee covers:

- (i) all establishment costs of the Company;
- (ii) the cost of listing and maintaining a listing of shares on any stock exchange;
- (iii) registration fees;
- (iv) financial index licencing fees;
- (v) the cost of convening and holding Directors' and shareholders' meetings;
- (vi) professional fees and expenses for legal, auditing and other consulting services;
- (vii) the costs and expenses of preparing, printing, publishing and distributing prospectuses, supplements, annual and semi-annual reports and other documents to current and prospective shareholders;
- (viii) the costs and expenses of any investment adviser appointed by the Investment Manager;
- (ix) for currency hedged classes, fees to third parties to cover the execution of the share class currency hedging policy. An additional fee for this service will apply to currency hedged classes as detailed in the relevant sub-fund's supplement;
- (x) such other costs and expenses (excluding non-recurring and extraordinary costs and expenses) as may arise from time to time and which have been approved by the Directors as necessary or appropriate for the continued operation of the Company or of any sub-fund: and
- (xi) interest on the overdraft facility as per note 7.

The Management fee is calculated and accrued daily at a rate ranging from 0.05% to 0.60% from the net asset value (Total Expense Ratio section) of each sub-fund and payable monthly in arrears. The Management fee for each sub-fund is decided based on, among other things, its investment strategy and return potential. The Management fee of each sub-fund of the Company is listed in the relevant sub-fund's supplement.

If any of the sub-funds' expenses exceeded the Management fee outlined above in relation to operating the funds, the Management Company will cover any shortfall from its own assets.

The Management fee is not expected to exceed the amounts disclosed above. However, the Directors are of the view that if an increase in a sub-fund's Management fee is required, that decision will require prior approval by shareholders of the relevant sub-fund, which must be approved by a majority vote at a meeting of shareholders.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

3. Fees and expenses

(a) Management fee (continued)

The Management fee for the financial period amounted to USD 21,523,975 (30 June 2023: USD 17,547,664) of which USD 3,616,981 (31 December 2023: USD 5,989,787) was payable at the financial period end.

(b) Administrator's and Depositary's Fees

The Management Company is responsible for the payment to the Administrator and Depositary out of the Management fee, an annual fee, payable monthly in arrears at a rate ranging from 0.30 basis points to 1.00 basis points of the net asset value of the Company as of each valuation day. The Administrator's fees payable by the Management Company out of the Management fee for the financial period ended 30 June 2024 is USD 1,093,316 (30 June 2023: USD 822,352*) of which USD 705,981 (31 December 2023: USD Nil) is payable at 30 June 2024. The Depositary's fee payable by the Management Company out of the Management fee for the financial period ended 30 June 2024 is USD 686,334 (30 June 2023: 545,246*) of which USD 454,130 (31 December 2023: 726,903) is payable at 30 June 2024.

*As per the revised fee agreement (issued in May 2023).

(c) Directors' fees and expenses

The maximum amount of each Director's fees is Euro 50,000 per annum per Director and will not exceed that amount without the approval of the Board (with each Director abstaining on any resolution relating to their own remuneration).

The Directors' fees which are paid out of the Management fee for the financial period ended 30 June 2024 amounted to USD 66,099 (30 June 2023: USD 67,647). There were no Directors' out of pocket expenses for the financial period ended 30 June 2024 (30 June 2023: Nil).

(d) Transaction costs

The table below provides an analysis of the total transaction costs on the purchase and sale of transferable securities such as equities and derivative instruments for each of the Company's sub-funds. For the period ended 30 June 2024 and 30 June 2023.

(e) Dividend Purification

Some Shariah-compliant investments may yield small percentages of income inconsistent with Shariah Principles that will then need to be "purified". On at least an annual basis, following the approval by the Shariah Committee of the calculation of the non-permissible income in respect of the relevant Shariah sub-fund (following the principles to determine this calculation as set down by the Shariah Committee), the Company will donate any such non-permissible income to one or more charities selected by the Investment Manager and approved by the Shariah Committee. Non-permissible income in respect of a Shariah sub-fund will be calculated by assessing the income received by the relevant Shariah sub-fund that arose from non-compliant activities. In order to calculate the non-permissible income in respect of a Shariah sub-fund, the index provider will provide the Management Company with the dividend purification ratios, represented as a percentage of each dividend paid out by the companies in the index. The Management Company then calculates the amount to be purified based on the income received by the sub-fund on a monthly basis, and liaises with the Administrator so that such non-permissible income is accrued. Following the review by the Shariah Committee, the Management Company will instruct the Administrator to pay the total non-permissible income to the nominated charity.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

4. Risks associated with financial instruments

The Company's investment activities expose it to a variety of financial risks: market risk (including price risk, currency risk and interest rate risk), credit risk and liquidity risk. The Company's overall risk management process focuses on the unpredictability of financial markets and seeks to mitigate potential adverse effects on the Company's financial performance.

Certain of the Company's sub-funds will seek to replicate the performance of a financial index while minimising as far as possible the tracking error between the sub-funds' performance and that of the relevant financial index. Certain sub-funds will seek to achieve this objective by holding a portfolio of securities that constitute the respective financial index.

The securities in which certain of the sub-funds invest will be traded or dealt in on a regulated market (a multilateral system operated and/or managed by a market operator, which brings together or facilitates the bringing together of multiple third-party buying and selling interests in financial instruments in the system).

The sub-funds may also use Financial Derivative Instruments ("FDIs") for efficient portfolio management of its assets and for investment purposes. Efficient portfolio management means investment decisions involving transactions that are entered into for one or more of the following specific aims: the reduction of risk; the reduction of cost; or the generation of additional capital or income for the sub-funds with an appropriate level of risk, taking into account the risk profile of the sub-funds and the general provisions of the UCITS Regulations. In particular, FDIs may be used for the purpose of minimising tracking error i.e. the risk that the sub-funds return varies from the respective benchmark financial index.

Changes to the composition and/or weighting of the securities constituting the financial index which is tracked by a sub-fund will ordinarily require that sub-fund to make corresponding adjustments or rebalancing to its investments in order to seek to track the financial index. The Investment Manager will accordingly seek to rebalance the composition and/or weighting of the securities held by a sub-fund from time to time to the extent practicable and possible to conform to changes in the composition and/or weighting of securities that constitute the respective financial index. Other re-balancing measures may be taken from time to time to seek to maintain the correspondence between the performance of a sub-fund and the performance of the financial index.

The Company uses the commitment approach to calculate the sub-funds' global exposure. The commitment approach is a methodology which aggregates the underlying market or notional values of derivatives to determine the exposure of the sub-fund to derivatives.

The Management Company employs a risk management process in respect of each sub-fund which enables it, together with the Investment Manager, to accurately measure, monitor and manage the various risks associated with FDI. A statement of this risk management process has been prepared and submitted to the Central Bank in accordance with the Central Bank requirements. Any FDI not included in the risk management process in respect of the Company will not be utilised until such time as a revised risk management process has been submitted to the Central Bank. The Management Company will, on request, provide supplementary information to shareholders relating to the risk management methods employed including the quantitative limits that are applied and any recent developments in the risk and yield characteristics of the main categories of investment.

When using FDI as part of efficient portfolio management techniques and instruments, a relevant sub-fund may incur operational costs and such costs are paid by the relevant sub-fund to the counterparty with which the Company has entered into a relevant agreement. The Company ensures that all revenues arising from efficient portfolio management techniques, net of direct and indirect costs, are returned to the relevant sub-fund. The exposure obtained through efficient portfolio management and the identity of the counterparties are in Note 5.

The Company does not currently use total return swaps.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

4. Risks associated with financial instruments (continued)

(a) Market risk

Market risk is the risk that changes in market prices such as interest rates, foreign exchange rates or equity and credit spreads will affect the sub-funds' income or the fair value of its holdings of financial instruments.

(i) Price risk

Price risk is the risk that the value of instruments will fluctuate as a result of changes in market prices (other than those arising from interest rate risk or currency risk), whether caused by factors specific to an individual investment, its issuer or all factors affecting all instruments traded in the market. The Company's financial instruments principally comprise equity investments. The Investment Manager attempts to mitigate this risk through the construction of a well-diversified portfolio in accordance with the respective sub-fund's investment objective. In accordance with the Company's policies and procedures, the Investment Manager monitors the Company's overall other price risk on a daily basis, and the Board reviews it on a quarterly basis.

The investment concentrations within the portfolio for each sub-fund are disclosed in the Schedule of Investments by investment type.

The below table provides an analysis of the effect on net assets and profit/(loss) of the respective sub-funds due to a change in market indices, with all other variables held constant.

**The sub-fund was launched on 29 February 2024 and listed on London Stock Exchange on 4 March 2024.

*^References to benchmarks are for illustrative purposes only. There is no guarantee that a sub-fund will track or replicate its benchmark.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

4. Risks associated with financial instruments (continued)

(a) Market risk (continued)

(i) Price risk (continued)

The majority of sub-funds employ an investment strategy of full replication of the respective underlying benchmark index, therefore a Beta of 1 was assumed in the calculation of the above sensitivity analysis. The methodology utilised above is based on historical data and cannot take account of the fact that future market price movement and correlations between markets in conditions of market stress may bear no relation to historical patterns. The only sub-funds that do not employ a full replication strategy are HSBC MSCI World UCITS ETF and HSBC MSCI Emerging Markets UCITS ETF, which both utilise an optimisation strategy instead, and HSBC Multi Factor Worldwide Equity UCITS ETF, which is actively managed and does not track a benchmark.

(ii) Currency risk

Currency risk is the risk that the fair value of a financial instrument as determined in a sub-fund's functional currency will fluctuate because of changes in foreign exchange rates. Each sub-fund may invest in financial instruments and enter into transactions denominated in currencies other than its functional currency. Consequently, each sub-fund is exposed to risks that the exchange rate of its currency relative to other foreign currencies may change in a manner that has an adverse effect on the value of that portion of the Company's assets or liabilities.

To the extent that each sub-fund may invest in foreign currency-denominated securities, it may also invest in currency exchange rate agreements. The sub-funds may use such FDI's (which will be based only on underlying assets or sectors which are permitted under the investment policy of the sub-funds): (i) to hedge a currency exposure, (ii) as a substitute for taking a position in the underlying asset where the Investment Manager determines that an FDI exposure to the underlying asset represents better value than a direct exposure; (iii) to tailor each sub-fund's interest rate exposure to the Investment Manager's outlook for interest rates; and/or (iv) to gain an exposure to the composition and performance of a particular index (provided always that each sub-fund may not have an indirect exposure through an index to an instrument, issuer or currency to which it cannot have a direct exposure) which will improve the efficiency of the management of sub-funds.

The sub-funds may buy and sell foreign currency futures and may engage in foreign currency transactions either on a spot or forward basis, to reduce the risks of adverse market changes in exchange rates.

Monetary items are units of currency held and assets and liabilities to be received or paid in a fixed or determinable number of units of currency. Monetary assets and liabilities included cash and cash equivalents, trade receivables and payables including due to/from brokers, and amounts due to/from brokers.

All assets and liabilities that do not meet the definition of monetary items are classified as non-monetary. Marketable equity investments are considered non-monetary assets. The sub-funds, in line with the securities comprising their underlying indices, are exposed to the currency risk of the respective reference index/strategy. The currency risk associated with equities is included in other price risk. Net assets attributable to holders of Redeemable Participating Shares are non-monetary.

As at 30 June 2024 and 31 December 2023, none of the sub-funds had any significant monetary assets or liabilities that are exposed to currency risk since the majority of the monetary assets are in the denomination of the sub-funds' currency.

(iii) Interest rate risk

Interest rate risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

4. Risks associated with financial instruments (continued)

(a) Market risk (continued)

(iii) Interest rate risk (continued)

The majority of the Company's financial assets and liabilities are non-interest bearing. Interest bearing financial assets and liabilities include cash at bank which matures or reprices in the short-term, no longer than 3 months.

As a result, the Company is subject to limited exposure to fair value interest rate risk due to fluctuations in the prevailing levels of market interest rates.

HSBC BLOOMBERG GLOBAL SUSTAINABLE AGGREGATE 1-3 YEAR BOND UCITS ETF held fixed income securities (i.e. bonds) as at period ended 30 June 2024 which are exposed to interest rate risk.

HSBC BLOOMBERG GLOBAL SUSTAINABLE AGGREGATE 1-3 YEAR BOND UCITS ETF Fund as at 30 June 2024

	Interest bearing USD	Non-interest bearing USD	Total USD
Assets			
Financial assets at fair value through profit or loss	91,392,769	-	91,392,769
Cash and cash equivalents	549,806	-	549,806
Due from brokers		50,000	50,000
Other Assets		723,543	723,543
Assets	91,942,575	773,543	92,716,118
Liabilities			
Other liabilities	-	12,179	12,179
Liabilities	-	12,179	12,179
Interest sensitivity gap	91,942,575		

The following tables detail the effect on net assets should interest rates have increased/decreased by 100 basis points (bps) with all other variables remaining constant, assuming that a 100 bps increase/decrease in the base interest rate would result in a correlating 100 bps increase/decrease in the value of net interest bearing assets. In reality, an increase/decrease of 100 bps would not result in a direct correlating increase/decrease in the fair value of net interest bearing assets, as the movement in the value of net interest bearing assets would depend on the individual asset class and/or market sentiment towards any sensitivity in the interest rate. The majority of the portfolio of the sub-fund is of fixed rate interest nature and therefore interest income received would not be affected by the fluctuation of interest.

	Interest bearing USD
Effect after 100 bps decrease	92,862,001
Effect after 100 bps increase	91,023,149

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

4. Risks associated with financial instruments (continued)

(b) Credit Risk

Credit risk is the risk that a counterparty to a financial instrument will fail to discharge an obligation or commitment that it has entered into with the Company. Credit risk is generally higher when a non-exchange traded financial instrument is involved because the counterparty for non-exchange traded financial instruments is not backed by an exchange clearing house. Exchange clearing houses benefit both parties in a transaction as they bear most of the credit risk. If two individuals deal with one another, the buyer bears the credit risk of the seller, and vice versa. When an exchange clearing house is used, the credit risk that is held against both buyer and seller is passed on to the exchange clearing house.

Credit risk associated with investing activities is managed by the Investment Manager as part of the overall investment process. To reduce the Company's counterparty credit exposures, securities trading is primarily conducted on recognised exchanges and on a delivery-versus-payment basis. The risk of default is considered minimal, as delivery of securities on a settled trade is simultaneous with the Depository receiving payment. Payment is made on a purchase simultaneous with the securities being received by the Depository. The trade will fail if either party fails to meet its obligation.

The assets of the Company held by the Depository will be segregated from the assets of either the Depository or its agents or both. The Company is subject to credit risk to the extent that this institution may be unable to fulfil its obligations either to return the Company's securities or repay amounts owed. The Investment Manager does not anticipate any losses as a result of this concentration.

The ECL is not material and hence not included in the Statement of Comprehensive Income.

All of the cash of the Company held by the Depository is placed on deposit with an affiliate of the Depository, HSBC Bank plc with credit rating of AA- (31 December 2023: AA-) by Fitch and credit rating of A+ (31 December 2023: A+) by Standard and Poor's. The Company's future contracts and related collateral amounts were held with HSBC Bank plc. These institutions are highly rated by prominent credit rating agencies.

The Company will rank as a general creditor in the event of bankruptcy or insolvency of HSBC Bank plc. Cash held by HSBC Bank plc is not held in a segregated client account. HSBC Bank plc complies with the FSA capital requirements in the event of insolvency of HSBC Bank plc.

The Company's credit risk exposure is represented by the carrying amounts of cash at bank and due from or to brokers as disclosed on the Statement of Financial Position on the respective pages of each sub-fund. Bonds or other debt securities involve credit risk to the issuer which may be evidenced by the issuer's credit rating.

Investments in debt securities

As at 30 June 2024, HSBC BLOOMBERG GLOBAL SUSTAINABLE AGGREGATE 1-3 YEAR BOND UCITS ETF invested in debt securities (31 December 2023: HSBC BLOOMBERG GLOBAL SUSTAINABLE AGGREGATE 1-3 YEAR BOND UCITS ETF). The following table reflects the Standard and Poor's credit ratings of the debt investments held as a percentage of total debt investments.

for the period ended 30 June 2024 (continued)

4. Risks associated with financial instruments (continued)

(c) Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities. The Company is exposed to daily cash redemptions of Redeemable Participating Shares and monitors this activity to ensure that funds are available to meet the redemption requirements.

The Company's investments are considered to be readily realisable as they are all traded on regulated markets. The Company has therefore limited exposure to liquidity risk.

The Company's financial instruments also comprise investments in derivative contracts traded over-the-counter, which are not traded in an organised public market and which generally may be illiquid. As a result, the Company may not be able to liquidate quickly some of its investments in these instruments at an amount close to its fair value in order to meet its liquidity requirements, or to respond to specific events such as a deterioration in the credit worthiness of any particular issuer. This risk is mitigated by restricting the exposure to any particular instrument.

The Company has also obtained overdraft facilities in order to manage its short term liquidity requirements. Details of the Company's overdraft facility are outlined in Note 7.

In accordance with the Company's policies and procedures in place and ESMA's guidelines on liquidity stress testing in UCITS and alternative investment funds, the Investment Manager monitors the Company's overall liquidity risk on at least a monthly basis, and the Board reviews it on a quarterly basis.

Substantially all of the Company's financial liabilities included in the Statement of Financial Position at 30 June 2024 and 31 December 2023 on the respective pages of each sub-fund, are payable within one month.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

4. Risks associated with financial instruments (continued)

(d) Fair value of assets and liabilities

IFRS 13 requires disclosures of financial instruments measured at fair value to be based on a three-level fair value hierarchy that reflects the significance of the inputs in such fair value measurements. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are as follows:

Level 1	Inputs that reflect unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access at the measurement date;
Level 2	Inputs other than unadjusted quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active;
Level 3	This category includes all instruments for which the valuation technique includes inputs not based on observable data and the unobservable inputs have a significant effect on the instrument's valuation. This category includes instruments that are valued based on quoted prices for similar instruments but for which significant unobservable adjustments or assumptions are required to reflect differences between the instruments.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. However, the determination of what constitutes "observable" requires judgement by the Directors.

Inputs are used in applying the various valuation techniques and broadly refer to the assumptions that market participants use to make valuation decisions, including assumptions about risk. Inputs may include price information, volatility statistics, specific and broad credit data, liquidity statistics, and other factors.

The Directors consider observable data to be that market data, which is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market. The categorisation of a financial instrument within the hierarchy is based upon the pricing transparency of the instrument and does not necessarily correspond to the Directors' perceived risk of that instrument.

Transferable securities

Transferable securities with values based on quoted market prices in active markets are classified within Level 1. These include active listed equities and debt securities. Transferable securities that trade in markets that are not considered to be active but are valued based on models that use quoted market prices, dealer quotations based on actual trades or alternative pricing sources supported by observable inputs such as interest rates, yield curves, implied volatilities, credit spreads, are classified within Level 2. Under Asset Level 2 classification, either the price must be composed of quoted prices or any pricing information not observable in the market must rely on observable inputs. Transferable securities classified within Level 3 have significant unobservable inputs, as they trade infrequently or not at all. Level 3 investments in equity securities are disclosed here.

Derivative instruments

Derivative instruments can be exchange-traded or privately negotiated over-the-counter ("OTC"). Exchange-traded derivatives, such as contracts for difference and futures contracts, are typically classified within Level 1 or Level 2 of the fair value hierarchy depending on whether or not they are deemed to be actively traded.

Total	(62,442)	(362,347)	-	(424,789)

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

4. Risks associated with financial instruments (continued)

(d) Fair value of assets and liabilities (continued)

A reconciliation of movements in Level 3 assets and liabilities for the period ended 30 June 2024 and for the year ended 31 December 2023 is set out below.

	30 June 2024	31 December 2023
	USD	USD
Opening balance	224,536	1,484,669
Purchases	350,793	582,664
Sales	(133,314)	(1,123,969)
Realised losses	(19,500)	(9,434,627)
Unrealised gains/(losses)	119,048	8,699,501
Transfers into Level 3*	-	16,146
Transfers out of level 3*	-	-
FX gains/(losses) on level 3	(23)	152
Closing balance	541,540	224,536

^Mainly consisted of the cost of the L3 securities transferred into the sub-funds during the year.

*All transfers are taken at the end of the financial year.

Cash and cash equivalents include cash in hand and other short term deposits with original maturities of three months or less, net of bank overdrafts and are categorised as Level 2. The carrying amount of these short-term financial assets approximate fair value because of their short-term nature and the high credit quality of counterparties.

Receivable for investments sold and other receivables include the contractual amounts for settlement of trades and other obligations due to the Company. Payable for investments sold and other payables represent the contractual amounts and obligations due by the Company for settlement of trades and expenses. All receivable and payable balances are categorised as Level 2. The carrying amount of these short-term financial assets approximate fair value because of their short-term nature and the high credit quality of counterparties.

Redeemable Participating Shares are redeemable at the shareholder's options and are classified as financial liabilities. The Company issues the redeemable shares at the amount equal to the proportionate share of net assets of the Company at the time of the redemption, calculated on a basis consistent with that used in these Financial Statements. Accordingly, the carrying amount of net assets attributable to holders of redeemable shares approximates their fair value. The Redeemable Participating Shares can be redeemed at any time for cash equal to a proportionate share of a particular sub-fund's net asset value. As such, Level 2 is deemed to be the most appropriate categorisation for net assets attributable to holders of redeemable shares.

At 30 June 2024 and 31 December 2023, had the unobservable inputs such as last traded prices and average cost used in the fair value measurement categorised within level 3 of the fair value hierarchy increased or decreased by 5% with all other variables held constant, the decrease or increase in the net assets attributable to holders of Redeemable Participating Shares of each sub-fund is shown below.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

5. Derivative Contracts

Futures contracts

Futures contracts are commitments either to purchase or sell a specific financial instrument, currency, commodity or an index at a specified future date for a specified price and may be settled in cash or another financial asset. Futures are standardised exchange-traded contracts. Initial margin requirements for futures are met in cash or other instruments, and changes in the future contract values are settled daily through cash margin accounts.

Forward contracts

Forward contracts are contractual agreements to buy or sell a specified financial instrument at a specific price and date in the future. Forwards are customised contracts transacted in the OTC market. The Company may enter into forward foreign exchange contracts to manage the currency risk arising from the Company's investment or anticipated investment in investments denominated in foreign currencies. Forward contracts may be used for hedging and currency management of both local and foreign currencies.

For the period ended 30 June 2024, HSBC FTSE 100 UCITS ETF, HSBC FTSE EPRA NAREIT DEVELOPED UCITS ETF, HSBC MSCI WORLD UCITS ETF and HSBC S&P 500 UCITS ETF held forward contracts (31 December 2023: HSBC FTSE EPRA NAREIT DEVELOPED UCITS ETF, HSBC MSCI WORLD UCITS ETF and HSBC S&P 500 UCITS ETF).

Warrants

A warrant is a financial instrument which is usually issued along with a bond or preferred stock, entitling the holder to buy a specific amount of securities at a specific price, usually above the current market price at the time of issuance, for a specified or unspecified period. The listed warrants are traded on recognised exchanges and all warrants are valued at fair value. Realised and change in unrealised gains and losses are recorded in the Statement of Comprehensive Income.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

5. Derivative Contracts (continued)

Offsetting assets and liabilities

As at 30 June 2024 and 31 December 2023, the sub-funds are subject to master netting arrangements with the counterparties to the futures, forwards and contracts for difference (“CFDs”). No financial assets or liabilities, subject to enforceable master netting arrangements or similar arrangements, are presented on a net basis in the Statement of Financial Position of the Company at the 30 June 2024 or as at 31 December 2023. The gross amounts of unrealised gains and losses on futures and CFDs, by counterparty, are disclosed in the Schedule of Investments of the sub-funds. Margin is posted by the sub-funds with the derivative counterparties when the previously held margin falls below the minimum margin requirement. At the 30 June 2024 and 31 December 2023, the sub-funds do not have any material amounts of unrealised losses on open futures, forwards or CFDs by counterparty as shown below:

30 June 2024		Gross amounts not offset in the Statement of Financial Position						
Financial assets - HSBC [^]	Currency	Gross amounts of recognised financial assets	Gross amounts of recognised liabilities offset in the Statement of Financial Position	Net amounts of financial assets presented in the Statement of Financial Position	Financial instruments (including non-cash collateral) available for offset	Cash collateral received	Net amount

Calculation of Global Exposure

Global exposure is a measure designed to limit either the incremental exposure and leverage generated by the Company through the use of FDI (including embedded derivatives) or the market risk of the sub-funds' portfolio.

In calculating global exposure, the Company adopts a commitment approach in managing risks. The commitment approach will be applied to all positions in FDI, whether used as part of the sub-funds' general investment policy, for purposes of risk reduction or for the purpose of efficient portfolio management.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

8. Securities Lending

Securities lending is used by the sub-funds to generate additional income from the securities held by the sub-funds. Further disclosures pertaining to securities lending are disclosed in Other Additional Disclosures.

Securities lent by a sub-fund are not derecognised from the sub-fund's balance sheet and securities lent can be sold at any time. The sub-funds listed below engaged in securities lending as at 30 June 2024 and 31 December 2023.

Cash collateral and securities collateral for securities lending are mainly held by third parties (Tri-party collateral agents) and by HSBC Bank plc and would not have any impact in the Statement of Financial position of the sub-funds. Securities Lending Agent, HSBC Bank plc is the custodian of the collaterals.

The proportion of collateral held in the sub-funds is segregated in full and never pooled

The securities lending commission is allocated to the following parties:

75% of the gross revenue on securities lending is allocated to the relevant sub-fund.

10% of the gross revenue on securities lending is allocated to the Management Company.

15% of the gross revenue on securities lending is allocated to the Securities Lending Agent, HSBC Bank plc.

Direct costs from securities lending include 15% of the gross revenue due to the Securities Lending Agent which is USD 547,046 (30 June 2023: USD 485,756) and 10% of the gross revenue due to the Management Company which is USD 364,697 (30 June 2023: USD 323,840) as shown in the table below.

As at 30 June 2024	75% to the Company	15% to the Securities Lending Agent	10% to the Managemen t Company	Gross Revenue (100%) [^]

9. Share capital and Redeemable Participating Shares

The authorised share capital of the Company is 500,000,300,002 shares of no par value divided into: 2 subscriber shares of no par value (the "Subscriber Shares"); 300,000 capitalisation shares of no par value (the "Capitalisation Shares"); and 500,000,000,000 shares of no par value (the "Redeemable Participating Shares").

Capital Management

The Subscriber Shares, which are held by the Investment Manager and its nominees, entitle the holders to attend and vote at general meetings of the Company but do not entitle the holders to participate in the profits or assets of the Company except for a return of capital on a winding-up. The holders of Subscriber Shares shall have one vote for each Subscriber Share held. The Subscriber Shares do not form part of the net asset value of the Company. They are thus disclosed in the Financial Statements by way of this note only. Subscriber Shares were issued at EUR1.00 each. The Capitalisation Shares entitle the holder or holders to attend and vote at general meetings of the Company. It does not entitle the holders to participate in the profits or assets of the Company except for a return of paid-up capital on redemption or on a winding-up of the Company.

The Redeemable Participating Shares entitle the holders to attend and vote at general meetings of the Company and to participate equally (subject to any differences between fees, charges and expenses applicable to different classes of shares) in the profits and assets of each sub-fund.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

10. Distributions

The Directors intend to declare and pay dividends on the shares of each of the sub-funds in respect of each financial year in which the total income of the relevant sub-funds exceeds the fees and expenses by more than a de-minimis as determined by the Directors (the "Net Investment Income") except as set out below. Dividends will ordinarily be paid twice annually in January/February and July/August. For HSBC MSCI WORLD UCITS ETF, HSBC MSCI EM LATIN AMERICA UCITS ETF, HSBC FTSE 250 UCITS ETF, HSBC FTSE EPRA/NAREIT Developed UCITS ETF, HSBC MSCI EMERGING MARKETS UCITS ETF, HSBC MULTI FACTOR WORLDWIDE EQUITY UCITS ETF, HSBC ASIA PACIFIC EX JAPAN SUSTAINABLE EQUITY UCITS ETF, HSBC DEVELOPED WORLD SUSTAINABLE EQUITY UCITS ETF, HSBC MSCI AC FAR EAST EX JAPAN UCITS ETF and HSBC MSCI CHINA A UCITS ETF dividends will be paid quarterly in January/February, April/May, July/August and October/November.

Distributions made are also subject to equalisation. Equalisation is operated in connection with the issue and redemption of shares. It represents the income element included in the price for the issue and redemption of shares as detailed in Note 2(s).

The Company paid the following dividends during the financial period ended 30 June 2024:

Sub-Funds	Share Class	Currency	Dividend Ex-Date	Dividend Rate Per Share

11. Related parties

(a) Transactions with key management personnel

The Company has appointed, HSBC Investment Fund (Luxembourg) S.A. as the Management Company as disclosed in Note 3(a). The Management Company is therefore considered to be a related party. The Management Company, Investment Manager, the Swiss Representative, the Switzerland Paying Agent, the Administrator and the Depositary are all wholly owned subsidiaries of HSBC Holdings plc and are therefore considered as related parties to the Company. HSBC Holdings plc is the parent company of the above parties and therefore considered as a related party to the Company. Fees and charges to these parties are disclosed in Note 3(a) to the Financial Statements. As at 30 June 2024, two Subscriber Shares are held by the Investment Manager and its nominee.

Key management personnel include the Directors of the Company. Directors' fees are paid only to the independent Directors of the Company are disclosed in Note 3(c).

The Directors had no direct or indirect interest in any shares in issue by the Company as at 30 June 2024 (31 December 2023: Nil).

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

11. Related parties (continued)

(b) Other related party transactions

The Company receives fees from HSBC Bank plc in the form of duties and charges, direct dealing cash transaction fees, in-kind transaction fees and share conversion transaction fees, where applicable to cover expenses incurred by the Company in processing creations and redemptions. HSBC Bank plc also acts as an Authorised Participant of the Company and pays for the transaction fees for subscriptions and redemptions which are subsequently charged to the investors. Transaction fees received by the Company during the financial period from HSBC Bank plc amounted to USD 2,986,914 (30 June 2023: USD 2,238,655) and are included in the Statement of Comprehensive Income under the heading "Net gain/(loss) on financial assets and liabilities at fair value through profit or loss".

An overdraft fee is charged on the facility at the HSBC Bank plc's base lending rate plus 2%, calculated on a per annum basis. An annual fee of EUR 10,000 is payable per sub-fund. The overdraft fee on the facility is paid out of TER. For certain sub-funds, the agreements are not in place due to lead time in documentation. Until the agreements are executed, the sub-funds rely on a 'payment settlement limit' that is in place to manage the overdrafts.

The Company entered into a securities lending agreement with HSBC Bank plc from 2 March 2021 and details of the securities lending transactions are set out in Note 8. The Company holds cash margin, cash on deposit and has obtained credit facilities with HSBC Bank plc as detailed in Note 2(h), 2(i) and Note 7. HSBC Bank plc is considered to be a related party being a subsidiary of HSBC Holdings plc.

HSBC DEVELOPED WORLD SUSTAINABLE EQUITY UCITS ETF, HSBC EUROPE SUSTAINABLE EQUITY UCITS ETF, HSBC FTSE 100 UCITS ETF, HSBC MSCI EUROPE CLIMATE PARIS ALIGNED UCITS ETF, HSBC MSCI EUROPE UCITS ETF, HSBC MSCI WORLD UCITS ETF, HSBC UK SUSTAINABLE EQUITY UCITS ETF, HSBC WORLD ESG BIODIVERSITY SCREENED EQUITY UCITS ETF and HSBC BLOOMBERG GLOBAL SUSTAINABLE AGGREGATE 1-3 YEAR BOND UCITS ETF hold investments in HSBC Holdings plc as disclosed in the Schedules of Investments. HSBC Client Holdings Nominee (UK) Limited and HSBC Global Custody Nominee (UK) Limited held shares at period end as a nominee account and are held on behalf of the beneficial owners. HSBC Global Markets acts as an Authorised Participant to the sub-funds.

(c) Authorised Participants

HSBC Global Markets is the only Authorised Participant which is a related party to the sub-funds. The Company does not make any other payments to HSBC Global Markets.

Bank of America Merrill Lynch, Barclays Capital Securities Limited, Bluefin Europe LLP, BNP Paribas Arbitrage SNC, Citigroup Global Markets, CLSA (UK), DRW Global Markets Ltd, Flow Traders B.V., GHCO, Goldman Sachs International, HSBC Global Markets, Jane Street Financial, JP Morgan Securities, Morgan Stanley, Old Mission, Optiver VOF, RBC Capital Markets, Societe Generale, Susquehanna Europe, UBS AG London Branch and Virtu Financial are Authorised Participants to the sub-funds which are significant contracts and are not related parties to the sub-funds.

The Company does not make any other payments to the Authorised Participants.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

11. Related parties (continued)

(c) Authorised Participants (continued)

During the period, Authorised Participants helped maintain the liquidity of the sub-funds by subscribing for and redeeming shares. There were no brokerage fees accrued or paid to the Authorised Participants during the financial period ended 30 June 2024 (31 December 2023: None).

(d) Investment transactions with related parties

In their purchases and sales of investments, the sub-funds utilise the services such as brokerage, clearing and settlement of members of HSBC Group. Details of such transactions executed during the period ended 30 June 2024 and 31 December 2023 are shown below:

12. Connected Persons transactions

The Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 require that any transaction carried out with the Company by the Management Company or Depositary to the Company and the delegates or sub-delegates of the Management Company or Depositary (excluding any non-group company sub-custodians appointed by the Depositary) and any associated or group companies of the Management Company, Depositary, delegate or sub-delegate (“Connected Persons”) must be conducted at arm’s length and must be in the best interests of the Shareholders .

The board of directors of the Management Company is satisfied that there are arrangements, evidenced by written procedures, in place to ensure that any transaction carried out with the Company by a Connected Person is conducted at arm’s length; and in the best interests of the Shareholders.

The board of directors of the Management Company is satisfied that all transactions with a Connected Person entered into during the year complied with the requirements that any transaction carried out with the Company by a Connected Person is conducted at arm’s length; and in the best interests of the Shareholders.

13. Significant Shareholders

14. Taxation

Under current law and practice the Company qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended. On that basis, it is not chargeable to Irish tax on its income or gains. However, Irish tax may arise on the occurrence of a “chargeable event”.

A chargeable event includes any distribution payments to shareholders or any encashment, redemption, cancellation or transfer of shares and the holding of shares at the end of each eight-year financial period beginning with the acquisition of such shares.

No Irish tax will arise on the Company in respect of chargeable events in respect of:

- A shareholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes, at the time of the chargeable event, provided appropriate valid declarations in accordance with the provisions of the Taxes Consolidation Act, 1997, as amended, are held by the Company; or the Company has been authorised by the Irish Revenue to make gross payments in the absence of appropriate declarations; and
- Certain exempted Irish tax resident shareholders who have provided the Company with the necessary signed statutory declarations; and
- Any transaction (which might otherwise be a chargeable event) in relation to shares held in a recognised clearing system as designated by order of the Irish Revenue Commissioners (such as ICSD) will not constitute a chargeable event. It is the current intention of the Directors that all shares in the Company will be held in ICSD or another recognised clearing system.

Dividends, interest and capital gains (if any) received on investments made by the Company may be subject to taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Company or its shareholders.

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

14. Taxation (continued)

The Company may be subject to withholding taxes and capital gains tax imposed on realised and unrealised gains on securities for certain foreign countries in which the Company invests. The foreign tax expense, if any, is recorded on an accrual basis and is included in capital gains taxes in the Statement of Comprehensive Income. The amount of foreign tax owed, if any, is included in the capital gains tax payable in the Statement of Financial Position. For the period ended 30 June 2024 and 31 December 2023, there were capital gains tax charges on the below sub-funds.

Sub-Funds	Currency	Capital Gains Tax	
		30 June 2024	30 June 2023
HSBC ASIA PACIFIC EX JAPAN SUSTAINABLE EQUITY UCITS ETF	USD	(819,981)	92,451

[^]Due to a daily unrealised Indian capital gain tax accrual movement on the sub-funds. This will be offset with any future gains.

*The sub-fund was closed and delisted from London Stock Exchange on 10 May 2024.

**The sub-fund was launched on 29 February 2024 and listed on London Stock Exchange on 4 March 2024.

Tax Risk Disclaimer for Taxation in the People's Republic of China ("PRC")

PRC withholding tax has been enforced on payment of dividends to Qualified Foreign Institutional Investors ("QFIIs") from PRC listed companies at the rate of 10%. However, PRC Tax authorities have, since 2014, provided a temporary exemption from withholding tax on capital gains realised by QFIIs on selling of A-Shares. There is a risk that the PRC tax authorities may seek to remove the temporary exemption on capital gains realised QFIIs on selling of A-Shares. There is a risk that the PRC tax authorities may seek to remove the temporary exemption on capital gains realised as well as future gains. In such a case, the sub-funds might be adversely impacted.

15. Directed Brokerage Services

There were no brokerage fees accrued or paid to the Authorised Participants during the financial period ended 30 June 2024 (31 December 2023: Nil).

Notes to the Financial Statements (continued)

for the period ended 30 June 2024 (continued)

16. Operating segments

Operating segments are the components of the Company whose results are regularly reviewed by the Company's chief operating decision maker ("CODM") to make decisions about resources to be allocated to the segment and assess its performance. Various sub-fund revenues are disclosed in the respective Statement of Comprehensive Income of the sub-funds. The Board, which is considered to be the CODM, managed the Company on the basis of business divisions determined with reference to market focus, geographical focus, investment funding model and the Company's management hierarchy. It is the opinion of the CODM that each sub-fund can be treated as a segment as the return on each sub-fund is linked to a different benchmark. Revenue generated from each sub-fund is presented in the Statement of Comprehensive Income of the relevant sub-fund.

Geographical areas

The Company does not separately monitor revenues from different geographical areas. However, by their nature of tracking indices which represent specific markets in specific regions, each sub-fund's revenue may be considered as being attributed to the region stated in its investment objective.

17. Major customers

The Company regards the holders of redeemable shares as customers, because it relies on their funding for continuing operations and meeting its objectives. See Note 12, 'Significant Shareholders' for details on number of shareholders who held more than 10% of the Company's net asset value attributable to holders of redeemable shares

18. Charges

HSBC Bank plc holds a number of charges over assets held in custody by the sub-funds as security for obligations under uncommitted overdraft facilities that HSBC Bank plc provides to the sub-funds.

 - clarification that the sub-fund achieves its objective by employing a full replication strategy;
 - update to the investment policy to permit the sub-fund to invest in money market funds for cash management purposes; and
 - amendment of the definition of "Dealing Day" to clarify that the sub-fund will not be open for dealing on any business day prior to a significant market being closed.

Portfolio Turnover Rate^{*^}

The Portfolio Turnover Rate (“PTR”) is calculated by totalling purchases and sales and deducting it from the total of subscriptions and redemptions. The result is divided by the yearly average total net assets and is multiplied by 100 to arrive at percentage terms. The PTR for each sub-fund for the financial period from 1 January 2024 to 30 June 2024 is as follows:

Sub-Funds	Financial Period ended 30 June 2024	Financial Year ended 31 December 2023

Securities Lending

The Securities Financing Transaction Regulation (“SFTR”) Disclosure

A Securities Financing Transaction is defined as per Article 3(11) of the SFTR as:

- a repurchase transaction;
- securities or commodities lending and securities or commodities borrowing;
- a buy-sell back transaction or sell-buy back transaction; or
- a margin lending transaction.

As at 30 June 2024 and 31 December 2023, the below sub-funds had securities out on loan. The Depositary is HSBC Continental Europe and the Securities Lending Agent is HSBC Bank plc. The securities issued on loan are on open basis and can be recalled at any time.

The amount of securities on loan as a proportion of lendable assets (calculated as Total Assets less cash and cash equivalents) were as follows:

30 June 2024

Sub-Funds	Functional	Securities issued on loan	Lendable assets	Securities on loan as a percentage
	Currency			of lendable assets
HSBC EURO STOXX 50 UCITS ETF	EUR	59,136,913.00	945,285,820.00	6.26%
HSBC FTSE 100 UCITS ETF	GBP	46,819,285.00	550,110,881.00	8.51%
HSBC FTSE 250 UCITS ETF	GBP	2,514,196.00	49,904,667.00	5.04%
HSBC FTSE EPRA/NAREIT DEVELOPED UCITS ETF	USD	142,517,615.00	1,030,571,776.00	13.83%
HSBC HANG SENG TECH UCITS ETF	HKD	244,162,806.00	2,577,001,456.00	9.47%

Securities lent by the sub-fund are not derecognised from the sub-fund's balance sheet.

^The sub-fund was launched on 29 February 2024 and listed on London Stock Exchange on 4 March 2024.

Other Additional Disclosures (unaudited) (continued)

as at 30 June 2024

Sub-Fund Performance Data (continued)

Past performance is not an indication of current or future performance and the performance data does not take account of commissions and costs incurred on the creation and redemption of shares.

The prospectus, supplements and key investor information documents in respect of the sub-funds, Articles of Association of the Company, annual and semi-annual reports of the Company, as well as a list of the purchases and sales on the account of the sub-funds can be obtained free of charge by Swiss investors from the representative of the Company in Switzerland, HSBC Global Asset Management (Switzerland) AG, Gartenstrasse 26, CH-8002 Zurich, Switzerland.

UK Reporting Fund Status

All share classes issued by the sub-funds in operation at 30 June 2024 have UK Reporting Fund status, either from 1 January 2010 or the launch of the relevant share class concerned.

As and when new sub-funds are launched, UK Reporting Fund applications will be made to HM Revenue & Customs ("HMRC") accordingly.

Details of the distributing share classes that have UK Reporting Fund status can be found on the HMRC website at www.hmrc.gov.uk. At the date of these Financial Statements the precise location of this HMRC report is: <https://www.gov.uk/government/publications/offshore-funds-list-of-reporting-funds>.

The Company made available to shareholders the reportable income information for the financial year ended 30 June 2024 that they require for their UK tax returns at www.etf.hsbc.com by 30 June 2024. If investors do not have access to the internet they can apply in writing for a copy of this information to HSBC ETFs PLC, 25/28 North Wall Quay, IFSC, Dublin 1, Ireland

Plan d'Epargne en Actions ("PEA") Eligibility

For the purpose of eligibility requirements of Article L-221-31 of the French Monetary and Financial Code, the relevant sub-funds must at all times during the financial period ended 30 June 2024 and 31 December 2023 be invested in more than 75% of PEA eligible assets. PEA eligible assets are defined as equity or equity equivalent securities, which have their registered office in a country which is a member of the EU or the European Economic Area. In the context of the Brexit, the French government decided that, until 30 September 2021, UK securities would remain eligible to make up the aforementioned 75% ratio. From 1st October 2021, the sub-funds HSBC FTSE 100 UCITS ETF, HSBC FTSE 250 UCITS ETF and HSBC MSCI EUROPE UCITS ETF were no longer eligible to the PEA wrapper.

As at 30 June 2024, only HSBC EURO STOXX 50 UCITS ETF sub-fund satisfied the criteria for PEA Eligibility:

Sub-Funds	% PEA Eligible Assets	
	30 June 2024	31 December 2023
HSBC EURO STOXX 50 UCITS ETF	98.13%	98.88%

Other Additional Disclosures (unaudited) (continued)

as at 30 June 2024

Article 150-0D of the French General Code

For the purpose of eligibility requirements of Article 150-0D of the French General Code, the relevant sub-funds must be invested in more than 75% of Equity or Equity-equivalent securities at any point in time. The eligibility applies only to subscriptions prior to 01/01/2018.

As at 30 June 2024, the following sub-funds satisfy the criteria for 150-0D eligibility:

Sub-Funds	Date from which the funds are eligible
HSBC ASIA PACIFIC EX JAPAN SUSTAINABLE EQUITY UCITS ETF	25/08/2020
